Vandal-proof 3-point lock (standard)

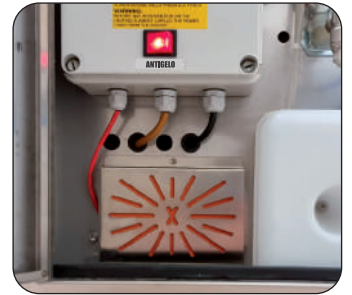

Lateral mat support (on request)

Lockable coin box (standard)

Electric water pedal (standard)

Antifreeze Kit (on request)

Remote management

The machine, connected to the internet, sends data to a cloud server where dedicated software processes it and makes it available to the operator, who can monitor in real time the machine's operating status, income, and a series of alerts.

In the same way, the operator can send commands to the machine to change the cost and duration of selections, start a specific service, and reset or shut down the machine.

Model:

Code	Model	Volt	Power	rpm	Brush L.	Water	Weight
CW0523000	Hydromat 230	230	750 W	700	660 mm	2 Lt/min	75 Kg
