Vandal-proof 3-point lock (standard)

Lockable coin box (standard)

Tire valve caps dispenser (on request)

LED lighting kit (on request)

Stainless steel cover (on request)

Remote management

The machine, connected to the internet, sends data to a cloud server where dedicated software processes it and makes it available to the operator, who can monitor in real time the machine's operating status, income, and a series of alerts.

In the same way, the operator can send commands to the machine to change the cost and duration of selections, start a specific service, and reset or shut down the machine.

Model:

Code	Model	Volt	Power	Bar	Weight
CW07PMANA	Pneus analogico*	230	200 Watt	1 - 6	30 Kg
CW07PMDIG	Pneus digitale*	230	200 Watt	1 - 8	30 Kg

*Requires external air
